

INDIAN INSTITUTE OF TECHNOLOGY KANPUR

POST GRADUATE ADMISSIONS 2016-2017-II Semester (Commencing from January, 2017)

The Indian Institute of Technology, Kanpur is among one of the institutions of national importance, established through an act of Indian parliament to provide education of internationally recognised excellence in Sciences, Engineering, Technology and Humanities & Social Sciences. The Institute is located on the historic Grand Trunk Road, ten kilometers west of Kanpur. It is a residential campus, planned and landscaped for environmental freedom. Halls of residence, faculty houses, community centres, students' activity centres (indoor/outdoor state of the art Sports Complex, Gymnasium, Auditoriums etc.) and parks provide a free and friendly ambience.

From its very inception, IIT Kanpur has striven to develop itself into an institution of excellence in education and research befitting the spirit of modern India. In its quest for excellence, IIT Kanpur has internalized a drive to rise to the contemporary and future demands of need-oriented education. The Institute is now recognized as a major centre of training in engineering, sciences, humanities & social sciences and several interdisciplinary areas. In addition to training students in formal undergraduate and postgraduate programmes, the institute is involved with continuing education, research in basic sciences, engineering, and the humanities and social sciences as well as research and development in areas of value to Industry and Government. The Institute has considerably strengthened its facilities and faculty to participate in a major way in the national scientific and technological endeavours. The Institute has always made special efforts to admit high quality students.

RESEARCH PROGRAMMES AVAILABLE FOR 2016-17-II SEMESTER

Ph.D. (Engg.): Aerospace Engineering, Biological Sciences & Bio-Engineering, Chemical Engineering, Civil Engineering, Computer Science & Engineering, Electrical Engineering, Industrial & Management Engineering (all areas of Management), Materials Science & Engineering, Mechanical Engineering, Photonics Science and Engineering (Interdisciplinary Programme)

Ph.D. (Sciences): Chemistry, Earth Sciences, Mathematics & Statistics, Physics.

Ph.D. (Humanities & Social Sciences): English (Literature, Linguistics & ELT), Fine Arts, Psychology, Sociology

Ph.D. (Management): All areas of Management.

M.Tech.: Electrical Engineering (Power Engineering, Control and Automation, Photonics), Mechanical Engineering

MS (Research): Computer Science & Engineering, Electrical Engineering, Mechanical Engineering, Photonics Science and Engineering (Interdisciplinary Programme)

ELIGIBILITY REQUIREMENTS

The eligibility conditions given below are the absolute minimum. Departments may prescribe specific requirements over and above these conditions. The "specified minimum" marks/CPI (Cumulative Performance Index), referred to in subsequent sections, implies a minimum of 55 percent marks /5.5 (on a 10 point scale) as long as it is not less than the minimum pass marks/CPI; otherwise, the "specified minimum" marks/CPI implies the minimum pass marks/CPI.

Ph. D. in Engineering: Applicants must have a master's degree in Engineering with marks/CPI not below the specified minimum or a Bachelor's degree in Engineering or science (4 year programme) with a minimum of 75 percent marks/7.5 CPI or a master's degree in science or an allied area while satisfying each of the following three criteria:

- a minimum of 65 percent marks/6.5 CPI in the master's degree
- first division in bachelor's degree, and
- JRF/95 percentile or higher in GATE score.

For admission into Ph.D. in Biological Sciences and Bio-Engineering, applicants having master's degree in pharmacy/medicine/veterinary science with marks/CPI not below the specified minimum, or bachelor's degree in pharmacy/medicine/veterinary science with a minimum of 75 percent marks/7.5 CPI, may also be considered.

For admission into Ph.D. in Computer Science and Engineering, applicants with master in computer applications while satisfying each of the above criteria in (a), (b) and (c) may also be considered.

A valid GATE score is required for the candidates with a bachelor's degree in Engineering/Design/Architecture, except in the case of candidates with bachelor's degree in Engineering from the Centrally Funded Technical Institutes (CFTIs). The candidates with master's degree in science must either have a valid GATE score or must have qualified for/in JRF/NET.

Ph.D. in Sciences: Applicants must have a master's degree in the relevant subject or a bachelor's degree in Engineering or science (4 year programme) with marks/CPI not below the specified minimum.

The candidate either must have a valid GATE score or must have qualified for JRF. The requirement of GATE/JRF is waived for candidates having a master's degree in science from IITs with a minimum CPI of 8.0.

Ph.D. in Humanities & Social Sciences (HSS): Applicants must have a master's degree in the relevant subject or a bachelor's degree in Engineering or science (4 year programme) or a master's degree in sciences or in an allied field of HSS with marks/CPI not below the specified minimum.

The candidate either must have a valid GATE score or must have qualified for/in JRF/NET. The requirement of GATE/JRF/NET is waived for candidates having a master's degree in science/arts from IITs with a minimum CPI of 8.0.

Ph.D. in Management: The applicant must have a master's degree in Management or relevant disciplines in Engineering/technology with marks/CPI not below the specified minimum or a Bachelor's degree in Engineering or science (4 year programme) with a minimum of 75 percent marks/7.5 CPI or a master's degree in science/arts/commerce/chartered accountancy while satisfying each of the following three criteria:

- a minimum of 65 percent marks/6.5 CPI in the master's degree,
- first division in bachelor's degree, and
- JRF/95 percentile or higher in GATE/CAT/GMAT/NET or any other national level examination.

A valid GATE score is required for the candidates with a bachelor's degree in Engineering, except in the case of candidates with bachelor's degree in Engineering from the Centrally Funded Technical Institutes (CFTIs). The candidates with master's degree in science/arts/commerce must either have a valid GATE/CAT/GMAT score or must have qualified for/in JRF/NET.

M.Tech.: The applicant must have a bachelor's degree in engineering or science (4 year programme) or a master's degree in science with marks/CPI not below the specified minimum.

A valid GATE score is required for admission to the M.Tech. programme in the case of regular (non-sponsored) candidates. The requirement of GATE score is waived off for the B.Tech. graduates from IITs with a minimum overall CPI of 6.5 and a minimum CPI of 8.0 in the last two years in B.Tech.

MS (Research):

For Computer Science and Engineering and Photonics Science and Engineering: Applicants must have a Bachelor's degree in Engineering or science (4 year programme) or a Master's degree in science with marks/CPI not below the specified minimum. For admission to MS (Research) programme in Computer Science & Engineering, applicants with B.Sc. (3-year) or equivalent with a minimum of 75% marks/7.5 CPI may also be considered.

For Electrical Engineering, and Mechanical Engineering: Applicants must have a bachelor's degree in Engineering or science (4 year programme) with marks/CPI not below the specified minimum.

A valid GATE score is required for admission to the MS (Research) programme in the case of regular candidates (non-sponsored/non-project candidates). The requirement of GATE score is waived for the B.Tech. graduates from IITs with a minimum overall CPI of 6.5 and a minimum CPI of 8.0 in the last two years in B.Tech.

CAMPUS FACILITIES

Residence

There are Ten Boys and Two Girls Hostels that provide on campus accommodation for about 5500 male and 900 female students. Some students (especially those in early years of programme) are provided hostel rooms on twin sharing basis. One Hundred forty (138) Single Bed Room Apartments (SBRA) have been earmarked for allotment to the married students. The married students are, however, advised to bring their family only after allotment of an SBRA, which may take a few months. The married students may be permitted to stay outside the campus for which eligible students may receive House Rent Allowance.

Computational Facilities

The Computer Centre functions round the clock and is divided into various zones that host computing and other servers, parallel clusters for different projects, office automation services and soft switch based telephone services. The Institute Computer Centre has two High Performance Computing setups, which have ranked 369 and 130 in top 500 lists (www.top500.org), in the November 2010 and June 2013 lists respectively. The second cluster ranked 118 in the top 500 lists in June 2014 with the addition of extra nodes. Together, these setups have 1373 nodes.

The Institute has a fully managed local Area Network of more than 20000 nodes, connecting all the hostel rooms, offices and residences over wired as well as wireless network. It has 4 Gbps connectivity to the Internet via different internet service providers. There are labs with over 400 computers. The labs and the computational infrastructure hosts a wide variety of general as well as specialized application software in areas like simulation, modeling, data management & processing CAD/CAM, computer graphics, word processing. Several software are also hosted on central servers for use by students and faculty on their own computers.

P. K. Kelkar Library

Library is housed in three storeys having a collection of more than 500000 books, journals and reports. The library spent 125 lakhs rupees for books and 1381 lakhs rupees for journals subscriptions and databases for the financial year 2015-2016. All the floors of Library are enabled with Wi-Fi and equipped with modern amenities. The Library is fully automated using web centric library management software. Library resources and services are available through the web link: <http://pklib.iitk.ac.in>. RFID and self-check-in/out facilities are to be implemented soon. Services like, book overdue email alert, inter library loan, new arrival alert, online renewal facility, photocopying and online reference services are being provided. Users can access the library facilities from outside the campus using VPN. Our library is a core member of e-Shodh Sindhu consortium (hosted by INFLIBNET, Ahmedabad) through which thousands of digital resources are made accessible to the users. Library remains open all days except 7 days which includes national holidays. It is open round the clock during examinations.

Placement

The Indian Institute of Technology Kanpur is well known for its academic excellence and is considered as the 'first stop' for a large number of leading organizations of both National and International repute for campus recruitment, and offer excellent career opportunities to the graduating students.

Sports & Recreation

IIT Kanpur has several facilities for indoor and outdoor games. There are other recreational facilities as well this institute has an Olympic size swimming pool, a vibrant music club and several other active clubs that are run by Student Gymkhana.

Health Centre

The Institute has a well-equipped health center, and a team of highly qualified Doctors. Institute's Health Centre is having OPD, Indoor facilities (with 34 beds) Pathology Testing facility, X-ray and Physiotherapy Lab. In addition to regular Doctors, some specialty Doctors also visit the Health Centre regularly. Special clinics are arranged for students in hostels also.

GENERAL INFORMATION

- Candidates who are in the final year of qualifying degree and are likely to graduate by July 2017 may also apply. Such candidates may be considered for admission to 2017-18-I academic session starting in July 2017.
- The institute, being residential, requires that all registered students must reside in the campus.
- Financial Aid (Research/ Project/ Assistantships/ Fellowships/ Scholarships) are available to M.Tech. & Ph. D. Students. Some MS (Research) students may also be provided financial aid. Several attractive Fellowships from Industries/ Department of Atomic Energy (DAE/DST/INSPIRE/DEIT) are also available.
- For information brochure containing details of various PG programmes visit the online application portal: <http://www.iitk.ac.in/doaa/pgadmission.htm>
- The online applications portal will be available from 17-10-2016 to 07-11-2016.
- Reservation shall apply as per Govt. of India rules.
