

ANNUAL BSBE WINTER WORKSHOP

15th and 16th December 2017

Model Systems in Developmental Biology and Disease Research

Dept. of Biological Sciences and Bioengineering
Indian Institute of Technology Kanpur

SPEAKERS

Kalika Prasad, IISER Trivandrum
K. Subramaniam, IITM
Lolitika Mandal, IISER Mohali
Mahendra Sonawane, TIFR
Raj Ladher, NCBS
Pradip Sinha, IITK
Sreelaja Nair, TIFR
Sandhya. P. Koushika, TIFR
Anjan Banerjee, IISER Pune
Jonaki Sen, IITK
Amitabha Bandyopadhyay, IITK

ORGANIZERS

Jonaki Sen, IITK
Amitabha Bandyopadhyay, IITK

APPLICATION DETAILS

Application Deadline: 15th November 2017

Registration Fee: ₹1500/-

Registration Fee + Accommodation: ₹ 2000/-

This year the BSBE department is organizing the annual winter workshop on the theme:
“*Model Systems in Developmental Biology and Disease Research*”.

The workshop includes a series of lectures and a panel discussion by leading scientists to apprise the attendees about the following:

- How to choose an appropriate model system for answering developmental biology questions?
- How disease pathogenesis can be understood through developmental biology research?
- What cutting-edge strategies are used to investigate the mechanisms of embryonic development?
- Panel Discussion : “How to choose a Ph.D. mentor?”
