

Selection criteria for the PhD program during 2023-2024 Semester II:

Candidates with Master's degree in engineering will be selected on the basis of marks/CPI and interview. Candidates with a bachelor's degree in engineering or science (4 year program) will be selected on the basis of marks/CPI, GATE score (wherever applicable as per the eligibility criteria), and an interview. For the purpose of shortlisting, only the first preference will be considered. However, candidates who have their second preference as 'Photonics' may also be called for interview in Photonics stream, in addition to their first preference

For more details refer to the PG manual available at <http://www.iitk.ac.in/doaa> under PG Students --> SPGC.
