

"do" → "will"

I did go to the class. We did.

I did not make notes. We did not want to fight.

Did I do anything wrong? Did we hit first?

---

You did well.

You did not miss it.

Did you study hard?

---

The shell did hit the wall. The stones also did.

The wall did not break. Soldiers did not come out.

Did it crack? Did they run away?

---

I will stay awake. We will do our work.

I will not sleep. We will not stop.

Shall I take tea? Will we get a prize?

---

You will live here.

You will not go.

Will you?

---

The dog will bark. They will go back.

It will not bite. Ram and Seeta will not.

Will he run away? Will people stop her?
