

INDIAN INSTITUTE OF TECHNOLOGY, KANPUR
INSTITUTE WORKS DEPARTMENT
CENTRAL OFFICE

The queries and their clarifications from Institute side are as follows:

S. No	Query	Clarification
1.	The representative from one of the agencies verbally asked for some clarifications regarding the data and information available with the Institute with regard to various services, flora & fauna, fire fighting arrangement etc.	The information / data available with the institute shall be provided with the RFP document
2.	A written query was received via email on 30.04.2018 which is as follows: 1. As per our experience in similar nature of project, preparation of firefighting and disaster management plan requires specialized expertise. We therefore suggest that preparation of fire-fighting and disaster management plan should not be merged with development of strategic plan exercise. However if you still want to continue with this requirement, a position for key personnel with required expertise should be incorporate in the team.	Please refer Para no. 5.5 for expected minimum requirement of key professionals and kind of expertise, a consultant for Fire Fighting and Life Safety is incorporated.
2.	For this nature of project, team leader needs to have mix of urban planning and urban design expertise, we therefore request you to modify the requirement as mentioned below. Architect with specialization in Urban Design or Planning having experience of similar projects.....	Not Agreed
3.	We request you to share the timeline for preparation of presentation for design approach after releasing RFP document.	The information shall be provided in the RFP document and sufficient time will be given for presentation
4.	We will be submitting all relevant certificate/ work orders. However considering the given time for submission of EOI, client wise performance reports will not be available. We therefore request you to remove this requirement and verify the specific credentials during the RFP stage.	Not Agreed

Superintending Engineer
