

Indian Institute of Technology Kanpur

Department of Physics

Advertisement for Institute funded Post Doctoral Fellowships

The Department of Physics, IIT Kanpur invites applications from candidates with a recent PhD degree (within 3 years) and with brilliant academic profile to apply for the post-doctoral fellowship in any area of Physics.

Initial position will be for one year, and extendable by one more year depending on the research performances.

General Information, Benefits, Terms and Conditions

Fellowship amount as per rules. The candidate will also get a significant additional amount per year which can be used for travel for academic work and contingency.

Accommodation, Medical benefits and other campus facilities will be as per rules of IIT Kanpur.

This is a strictly temporary position, thus the permanent employee-benefits are not available for PDFs.

A maximum of four hours of teaching per week may also be assigned as per rules of IIT Kanpur.

Interested candidates can send applications (cover letter, CV, list of publications) to the faculty member working in the same area or directly to the Head of the Department (head_phy@iitk.ac.in). The selection will be made following the approved guidelines of the Institute.
