

Dear Students,

1. As I said in the class, "Advanced Engineering Mathematics, by E Kreyszig, 8th edition" is the text book for the course. The course plan is attached with the mail.

2. The course will have one quiz and one exam with 30 and 70 percent weight age respectively.

3. There will be no make up quiz and unless you have sanctioned leave on the day of quiz, the quiz marks will not be prorated.

4. The course content and Assignments 1 and 2 are attached with this mail. The problems marked for tutorials will be taken up in tutorials, other problems will be taken up only if time permits.

Rama Rawat.

Course Instructor.
