

CE697A: M. Tech Seminar I**0-0-0-0 [0]****Course Contents:**

Each M.Tech student registered for CE697A will give a 30-40 minute seminar based on his/her research work. In addition, they will be expected to attend all CE697A seminars in their specialization scheduled that semester. In addition to registered M. Tech students, other researchers from within and outside the Institute may be invited to give seminars as a part of CE697A. Grading for CE697A shall be in the S/X mode and based on the quality of the seminar presented by the student and his/her attendance in other CE697A seminars. CE DPGC Convener will be the nominal instructor for the course. However, grades will be given in consultation with thesis supervisor(s) of the concerned student.
