

## Notice for Admission to 2026-27-1 Semester

### Degree :

PhD in Engineering  
MS (By Research)  
Master of Technology (MTech)

### Areas of Research

Energy and  
Sustainability

Biotechnology and  
Bio-systems

Theory, Computation and  
Machine Learning

Complex fluids and  
Soft Matter

Catalysis and  
Reaction Engineering

Materials and  
Nanotechnology

### Department PhD Program Highlights

- **World-Class Research Quality:** Renowned for cutting-edge research and innovation.
- **Generous Travel Grants:** Support for attending national and international conferences to showcase your work.
  - a. Jeet Bindra Student Travel Grant
  - b. Rakesh Bhargava-Class of 1973 Annual Travel Grant
- **Outstanding Placement Records:** Strong placement support with excellent career opportunities for postgraduates.
- **Timely Graduation:** Average graduation time of 5.5 years.
- **High Research Output:** An impressive average of 5 publications annually per research group over the last five years.
- **Alumni Network of Excellence:** IIT Kanpur alumni hold prestigious positions worldwide.
