

Assignment 39

Please watch Lesson 39 before attempting this assignment.

Pick up a passage of at least 10 paragraphs from internet which has

a. at least 50 sentences,

or

b. at least 800 words.

Now, providing the title, authors' name and the URL of the passage at the top of your submission, assign a **theme title** to each paragraph, in the manner illustrated in lecture 39.

(Note: If you find that theme titles do not show coherence, then prescribe appropriate paragraph breaks.)

[The same passage will be found of utility in the next assignment also.]
