Subject: Award of FELLOWSHIP of IAMMS

Dear Professor A. K. Sharma,

I am happy to inform you that Indian Society of Mathematical Modelling and Computer Simulation (ISMMAACS) is a research oriented registered society in India. This society provides a forum for conducting workshops, organizing seminars and conferences in the field of Mathematical Modeling and Computer Simulation.

This society started functioning about fourteen years ago with Prof. Roddam Narasimha FRS, Former Director, National Aerospace Laboratories (NAL), Bangalore, as its Founder President and Prof. J. B. Shukla, Fellow of National Academy of Sciences (India), Former Prof. of Mathematics/Head/Dean IIT Kanpur, as the Founder General Secretary. So far several National and International conferences and workshops have been organized under the auspices of ISMMAACS at different places in India such as Bangalore, Bombay, Kanpur, Gwalior etc. An e-journal on modelling and simulation has been launched under its auspices with Prof. J. B. Shukla as its Chief Editor.

In a recent meeting held at IIT Kanpur, in January 2014, it has been decided that the "Society" be rechristened as "INDIAN ACADEMY FOR MATHEMATICAL MODELING AND SIMULATION" (IAMMS).

It is a great pleasure to inform you that the Executive Committee of the Academy has unanimously agreed to award you the FELLOWSHIP of IAMMS, for your outstanding contributions in your area of research including modeling and simulation.

It is indeed a matter of honour for this ACADEMY to bestow upon you this prestigious award. The CERTIFICATE is attached herewith.

Kindly accept our Heartiest Congratulations.

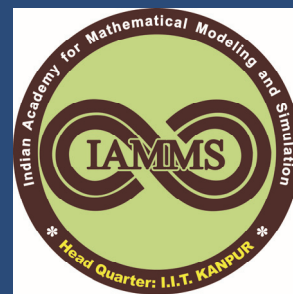

With personal regards

Sincerely

Prawal Sinha
