

PUBLICATIONS RECEIVED FOR DISPLAY OR DISTRIBUTION

1. Proceedings, Fifth European Conference on Earthquake Engineering, September 22-25, 1975, Istanbul, Turkey, Vol. 1. In Progress Seismic Monitoring at a Nuclear Power Plant Site, N.I. Severy, G.A. Bollinger, H.W. Bohannon, J.G. Mcwhorter, U.S.A.
2. Proceedings, Fifth European Conference on Earthquake Engineering, September 22-25, 1975, Istanbul-Turkey, Vol. 2. Analytic and Experimental Hysteretic Loops for R/C Sub-assemblages, E.P. Popov, V.V. Bertero, S. Viwathanatepa, U.S.A.
3. Proceedings, Fifth European Conference on Earthquake Engineering, September 22-25, 1975, Vol. 3, Istanbul-Turkey.
4. Proceedings of the First Canadian Conference on Earthquake Engineering, May 25-26, 1971, University of British Columbia, Vancouver, B.C., Canada, Sponsored by the Canadian National Committee for Earthquake Engineering of the National Research Council, in Cooperation with the Department of Civil Engineering. University of British Columbia.
5. Commentaries on Part 4 (including Requirements for Plain and Reinforced Masonry), of the National Building Code of Canada 1975, Supplement No. 4, To the National Building Code of Canada, Issued by the Associate Committee on the National Building Code, National Research Council of Canada, Ottawa.
6. Newsletter, Earthquake Engineering Research Institute, Vol. 10, No. 3, May 1976, David J. Leeds, Editor.
7. Istanbul Devlet Muhendislik Ve Mimarlik Akademi, Muhendislik Jeolojisi, Prof. Dr. Nuriye Pinar Erdem, Istanbul 1976.
8. Separatas Del, Boletin Oficial Del Estado, Gaceta De Madrid, Norma, Sismorresistente P.D.S.-1 (1974) Parte A, Normativa Madrid 1974.
9. Bibliography of Earthquake Engineering, Compiled by Edward P. Hollis, Earthquake Engineering Research Institute, Third Edition 1971.
10. Code of Practice for General Structural Design and Design Loadings for Buildings, Metric Units, Standards Association of New Zealand.
11. Earthquake Engineering and Structural Dynamics, The Journal of the International Association for Earthquake Engineering, Vol. 4, No. 3/January-March 1976, General Editor: Ray W. Clough, Associate Editor: Geoffrey B. Warburton, Specimen Copy, John Wiley & sons, London, New York, Sydney, Toronto, A Wiley-Interscience Publication.
12. Segundas Jornadas Chilenas de Sismologia Eingenieria Antisismica, Santiago de Chile, 26-30, Julio, 1976 Vol. II, Santiago-Chile, Jornadas Organizadas por, Association Chilena de Sismologia Eingenieria Antisismica.
13. Abstract Journal in Earthquake Engineering, Vol. 1:1971 Literature, September 1972, Earthquake Engineering Research Center, University of California, Berkeley, W. E. Wagy, Editor, Published annually by the Earthquake Engineering Research Center, University of California 1301 South 46th Street, Richmond, California-94804.
14. Abstract Journal in Earthquake Engineering, Vol. 2:1972 Literature, September 1973, Earthquake Engineering Research Center, University of California, Berkeley, W.E. Wagy, Editor G.M. Driscoll, Assistant Editor, R.C. Denton, Circulation Manager, E.R. Dayce, Editorial Assistant, Published annually by the Earthquake Engineering Research Center, University

- of California, 1301 South 46th Street, Richmond, Calif-94804.
15. Abstract Journal in Earthquake Engineering, Vol. 3:1973 Literature, September 1974, Earthquake Engineering Research Center, University of California, Berkeley, W.E. Wagy, Editor G.N. Driscoll, Assistant Editor, R.C. Denton, Circulation Manager, R.E. Dayce, Editorial Assistant, Published annually by the Earthquake Engineering Research Center, University of California, 1301 South 46th Street, Richmond, California 94804.
 16. Abstract Journal in Earthquake Engineering, Vol. 4:1974 Literature, September 1975, Earthquake Engineering Research Center, University of California, Berkeley, W.E. Wagy, Editor, R.C. Denton, Assistant Editor, G.M. Driscoll, Assistant Editor, T. von Adelung, Circulation Manager, R.E. Dayce, Editorial Assistant, E.A. McCutcheon, Editorial Assistant, Published annually by the Earthquake Engineering Research Center, University of California, 1301 South 46th Street, Richmond, California 94804.
 17. Jugoslavensko Drustvo Za Seizmicko Gradevinarstvo, Jugoslavenski Koordinacioni Odbor Za Seizmologiju, Institut Gradevinarstva Hryatske Zagreb, Jugoslavenski Simpozij, O Seizmickoj Mikrojeonizaciji, Plitvicka Jezera 16-17.10.1975.
 18. National Building Code of Canada, 1975, Issued by the Associate Committee on the National Building Code, National Research Council of Canada, Ottawa.
 19. Newsletter, Earthquake Engineering Research Institute, Vol. 10, No. 3, May 1976, David J. Leeds, Editor.
 20. Newsletter, Earthquake Engineering Research Institute, Vol. 10, No. 4, July 1976, David J. Leeds, Editor.
 21. Newsletter, Earthquake Engineering Research Institute, Vol. 10, No. 5. September 1976, David J. Leeds, Editor.
 22. Newsletter, Earthquake Engineering Research Institute, Vol. 11, No. 1, January 1977., David J. Leeds, Editor.
 23. Segundas Jornadas Chilenas de Sismologia E Ingenieria Antisismica, Santiago de Chile 26-30, Julio, 1976, Vol. 1 1976, Santiago-Chile, Jornadas Organizadas por, Asociacion Chilena de Sismologia Ingenieria Antisismica.
 24. Efectos Del Sismo de Octubre 3, 1974, En Lima, Peru, Enrique Santoyo, Jacobo Bielak, Octubre 1975, Universidad Nacional Autonoma de Mexico.
 25. Analisis de Presas de Tierra Y Enrocamiento Sometidas A Temblores, Victor Porras S, Pamon Cervantes B, Enero 1973, Universidad Nacional Autonoma de Mexico.
 26. Disendo Optimo En Ingenieria Sismica, Emilio Rosenblueth, Julio 1975, Universidad Nacional Autonoma de Mexico.
 27. Los Temblores de Julio de 1974 En El Sur de La Ciudad De Mexico, Jorge Prince, Octubre 1974, IPS-1. Universidad Nacional Autonoma de Mexico.
 28. Geology and Probability in The Assessment of Seismic Risk, Luis Esteva, Janua-1975, pp. 13, Universidad Nacional Autonoma de Mexico.
 29. Respuestas Sismicas Maximas Probables En Las Arcillas De La Ciudad De Mexico, Ezio Faccioli, Jorge Ramirez Flores, Noviembre 1975, Universidad Nacional Autonoma de Mexico,
 30. Diseno Sismico de Presas de Tierra Y Enrocamiento, Estado Del Arte, Daniel Resendiz, Emilio Rosenblueth, Enrique Mendoza, Patrocinado por Comision Federal de Electricidad, Abril 1972. Universidad Nacional Autonoma de Mexico.
 31. Contributions to Current Research in Geophysics-CCRG Earthquake Prediction and Rock Mechanics, Editor Max Wyas, Cooperative Institute for Research in Environmental Sciences, University of Colorado, Boulder, Colorado, U.S.A.
 32. Ministry of Industry and Mines, Geological Survey of Iran, Tectonic and Seismotectonic Section, Contribution to the Seismotectonics of Iran, Part II, by M. Berberian. In Commemo-

- ration of the 50th Anniversary of the Pahlavi Dynasty, Geological Survey of Iran, Report No 39, 1976.
33. Introduction to Seismology, by M. Bath, Birkhauser Verlag, P.O. Box 34, CH 4010, Basel, Switzerland.
 34. Three Charts showing Earthquake Resistant Construction in Greece.
 35. The Earthquake in Friuli, May 6, 1976, by A. Parducci, Coordinator, T. Bertini, F. Braga, F. Brancaleoni, R. Cavallo, A. Cipollini, M.P. Petrangeli, E.S.A. —Roma, from *L' Industria Del Cemento*—Anno XLVI—Lublio—Agosto 1976.
 36. Il Terremoto del 6 Maggio 1976 nel Friuli, by A. Parducci Coordinatore, T. Bertini, F. Braga, F. Brancaleoni, R. Cavavallo, A. Cipollini, M.P. Petrangeli, Estratto dal fascicolo monografico Anno XLVI—Luglio/Agosto 1976—della rivista *L' Industria Italiana del Cemento*.
 37. Some Recent Earthquake Engineering Research and Practice in Japan, December 1976, The Japanese National Committee of The International Association for Earthquake Engineering Tokyo, Japan.
 38. Earthquake Resistant Design for Civil Engineering Structures, Earth Structures and Foundations in Japan, Compiled by The Japan Society of Civil Engineering -1977.
 39. Annual Report, School of Research and Training in Earthquake Engineering, University of Roorkee, Roorkee, India, 1975-76.
 40. Proceeding of the Symposia on Earthquake Engineering held at School of Research and Training in Earthquake Engineering, University of Roorkee, Roorkee, India, in 1959, 1962, 1966, 1970 and 1974.
 41. Bulletins of the Indian Society of Earthquake Technology, Roorkee, India.
 42. Earthquake Engineering, Jai Krishna 60th Birth Anniversary Commemoration Volume, Sarita Prakashan, Meerut, India, 1976.
 43. Elements of Earthquake Engineering by Jai Krishna and A.R. Chandrasekaran, Sarita Prakashan, Meerut, India, 1976.
