

REGISTRATION AND PRE-CONFERENCE GET-TOGETHER

Registration

Participants from abroad registered at Sankei Kaikan on Sunday, July 10, 15:00 - 17:00 and on Monday, July 11, 9:00 - 10:00.

One hundred and nine (109) persons from 27 countries filled in the registration form, and, after confirmation of participation in the official and optional tours and payment of fees and tour fares, they received voluminous Conference materials.

Participants from Japan had registered prior to the opening of the Conference. Japanese scientists and engineers totaling 371 had registered and participated in the Conference.

All participants were presented at registration desk with colorful cloisonne badges depicting the catfish. Design of the badge is as shown at the beginning of this volume.

Pre-Conference Get-together

On the late afternoon of Sunday, July 10, after the registration, about 70 participants from abroad got together with the members of the Organizing Committee and the Japanese authors at the Lobby of Sankei Kaikan.

This provided a good opportunity for the attendants to know one another and to renew old friendships before the official opening of the Conference.
