This Dual Degree Program (DDP) Agreement (“Agreement”) is entered into on July 1, 2022 (“Effective Date”) and is between Iowa State University of Science and Technology, 1550 Beardshear Hall, Ames, IA 50011 USA (“ISU”) and Indian Institute of Technology Kanpur, Kanpur, 208016, India (“IITK”).

I. PURPOSE

The purpose of this Agreement is a dual degree program (DDP) between ISU and IITK for the purpose of obtaining the following degree: PhD (the “DDP” or the “Program”).

II. PROGRAM COORDINATORS; COMMUNICATION

The Program Coordinator for each institution shall be:

For ISU: Ratnesh Kumar, Professor, ECE

For IITK: Dean of International Relations

Each party shall communicate in a timely manner with the other party’s Program Coordinator regarding matters relating to this Program, including but not limited to any student emergency, disciplinary problem, or academic problem.

III. TERM AND TERMINATION

The term of this Agreement shall begin on the Effective Date and shall continue for a period of five years. Either party may earlier terminate this Agreement by giving not less than 90 days prior notice to the other party. Early termination of the Agreement will not alter the responsibility of the parties to carry out the terms of the Agreement with respect to any students who are participating in the Program at the time notice of termination is provided.
IV. PROGRAM REQUIREMENTS

A. Selection of Participants and Advising Committee

Eligible students enrolled as a PhD student at either ISU or IITK as their home institution may apply to the DDP and must also meet their host institution’s PhD admission requirements to be eligible for participation in the DDP. Students selected into the DDP shall be enrolled on a full-time basis at the respective institution during the term(s) they are attending that institution.

Each party shall comply with their own institutional policy when selecting their respective PhD Committee Members. This PhD Committee will be a joint PhD Committee including members from ISU and IITK and may be referred to at ISU as the Program of Study Committee (POS Committee) and at IITK as the Doctoral Advising Committee. ISU and IITK will each name one (1) PhD Co-supervisor. ISU will name two (2) additional faculty members from the DDP student’s home department, and IITK will name a DPGC (Department Post Graduate Committee) Convener or a nominee, and another faculty member if so desired for a total of two (2) members. All non-ISU PhD Committee Members must become Associate members of Graduate Faculty at ISU as outlined in Appendix - G: Graduate Faculty Membership & Associate Membership - Graduate College - Iowa State University (iastate.edu). The external supervisors of DDP (dual degree program) students must comply with the requirements of the home institution’s policy relating to the supervision of doctoral students.

B. Degree Requirements and Conferral

The DDP student shall satisfy the minimum academic coursework requirements of each institution. For ISU this corresponds to 72 credits of which at least 24 credits must be for coursework and 36 credits for research. Out of the total 72 credits, a minimum of 36 credits, with at least 12 course credits and 18 research credits, must be earned at ISU. The remaining 36 credits can be transferred to ISU from IITK. For IIT Kanpur the minimum course credit requirement is 72. The requirements to be fulfilled at IITK will be in accordance with the PG Manual. DDP students at ISU must meet all applicable requirements as outlined in the Graduate College Handbook, including residency requirements and the time-to-degree limit, which is seven years unless otherwise established.

The DDP student will be required to meet the examinations and confirmation requirements of both institutions. At ISU, these include Qualifier Examination (a departmental requirement), Preliminary Examination (a Graduate College requirement), and Final Oral Examination under the Program of Study Committee. At IITK, these include Comprehensive Examination, and Final viva-voice Examination/Defense. The Qualifying Examination at ISU and the Comprehensive Examination at IITK will be substitutable to satisfy this requirement, while the Final Defense will be the same examination conducted by the same PhD Committee as mentioned in Section IV(A) above. In addition, at IITK, the students will be required to present the State of the Art Seminar at the onset of the research process and the Open Seminar nearing the completion. In addition, DDP students will take the Preliminary Examination in-between the Qualifying/Comprehension Examination and the Final Defense, with at least 9 months gap between the Preliminary Examination and the Final Defense. DDP students at ISU who have passed their Preliminary Examination must be enrolled continuously at ISU through the term of their final oral exam (Final Defense). The Final Defense must be conducted according to the policies of both institutions, including any restrictions on remote participation of the student and the faculty advisers in effect at the time of the Defense.
DDP students must comply with their home institution dissertation formatting standards. DDP students must also make their dissertation publicly available, including publication in an online repository, upon final approval by home and host institution. Each institution shall award its own degree certificates in line with their respective policies and protocols/styles. However, each institution shall require the DDP student to include a statement in their dissertation recognizing the student’s participation in this DDP and acknowledging that the work is used, evaluated, and published at each institution for degree conferral. Consequently, each institution also recognizes that the DDP students’ dissertations will be used to evaluate their academic performance and for purposes of degree conferral at the other institution during the course of participation in this program. Two separate degree certificates shall be awarded for the one-degree by the respective Institutions in line with their respective protocols/styles. The wording in both degree certificates must indicate unambiguously that the degree is being awarded jointly with the Partner Institution (by name) for the same thesis. Sample certificates are attached to this Agreement.

V. STUDENT SERVICES AND FINANCES
