Physics Colloquium

BLACK HOLES IN THE COSMIC WEB

ABSTRACT

Supermassive Black Holes residing at the centers of galaxies are known to be important players in the theories of galaxy evolution. In this talk I shall give a brief overview of the field where multi-wavelength observations of galaxies and black holes along with large scale structure studies provide us a co-evolution picture of the status of black holes in our understanding of structure formation in the Universe

SPEAKER

Prof. Suchetana Chatterjee
Presidency University,
Kolkata

Date & Time : Friday, October 9, 2026 at 5:15 PM (Refreshments at 5:00 PM)

Venue : FB 382 (Prof. Amal Kumar Raychaudhuri Seminar Room)
