

XXVIII THEP SERC SCHOOL, IIT KANPUR NOV 11 - 30, 2013

The Department of Physics, IIT Kanpur, will organize the XXVIII SERC Main School on Theoretical High Energy Physics from November 11th to 30th, 2013. The topics to be covered in the School, and the lecturers, are

- Introduction to Supersymmetry by Romesh Kaul (IMSc, Chennai).
- Electroweak Symmetry Breaking by Rohini Godbole (IISc, Bangalore).
- Applied Supersymmetry by Biswarup Mukhopadhyaya (HRI, Allahabad).
- The AdS/CFT Correspondence and Applications, by Rajesh Gopakumar (HRI, Allahabad).

Participation in the School is by invitation only. Applicants should arrange for two letters of recommendation, to be sent directly. All correspondence is preferably done over email. Please send emails only to the official email address for the School : thepserc13@gmail.com.

The formats for the application and the recommendation letters, as well as the prerequisites and the syllabi are available at <http://www.iitk.ac.in/phy/>

The last date for receiving completed applications is 30th June, 2013. Selected candidates will be informed by 10th July, and are expected to confirm their participation by 17th July, 2013.

Participants in the School are expected to be at IITK for the entire duration of the School. Boarding and lodging will be provided, along with 3 A/C train fare between Kanpur and the participants' official place of work.

If you have any further query, please write to : thepserc13@gmail.com
Postal queries, if any, can be addressed to Tapobrata Sarkar or Kaushik Bhat-tacharya, Dept. of Physics, IIT, Kanpur 208016, U.P.
