# Advertisement for 2 Internship positions

1 position for IxD/UI/HMI/HCI

- MDes (preferred)/BDes with experience
- Focus in HMI design for robotics
- 1 position

1 position for Product Design/ Industrial Design

- MDes (preferred)/BDes with experience
- Focus in HMI design for robotics
- 1 position

The SMSS Lab and HFSS Studios, Indian Institute of Technology Kanpur, is looking for expertise in Product design/industrial design along with IxD/UI/UX/HMI/HCI.

The people will be working under the guidance of Vivek Kant, PhD., related to advanced concepts in interaction design related to the field of robotics.

**BDes or MDes.**

**The internship is 6 months (max) long and starts immediately.**

The internship location is Department of Design/Mechanical Engineering, IIT Kanpur.

In case of inquiries and clarifications, please do not hesitate to contact SMSS Team!

Email: [smss.iitk.jobs@gmail.com](mailto:smss.iitk.jobs@gmail.com)

SMSS Lab works in the area of robotics, smart materials, and other smart systems.

HFSS Studios works at the intersection of Human Factors, Interaction Design and Systems Engineering.
